PCP COMMUNICATION

You have enrolled in services with Valley Mental Health. In order to provide you with the highest quality of services, Oregon law mandates that we communicate with your Primary Care Physician to coordinate your behavioral, physical and mental health needs. You do not need to sign any releases of information. This communication will continue throughout the course of your treatment here. Shared information will include, but is not limited to:

- Enrollment in services
- Diagnosis (including HIV status)
- Prescribed medications
- Significant changes in medications or treatment approach
- Termination of services

I have read and understand the above information.
